### **New Business**

**Board Meetings** – In the future we'll be pushing back the time to 6:30pm.

### **Thanksgiving Day Race Recap –**

- Active registrants had an issue where they ended up getting a 5K bib when they had intended to register for the 10 Mile race and vice versa.
- Janet would like to have the registration list separated by Raceit and Active.
- We need to have the announcer give at least a 10 minute notice of when each race starts.
- The 1-mile race needs to be clearly separated from the 5K.
- We should certify the new 10 Mile course.
- Awards – A lot of 10 Mile award winners did not pick up the medals. We'll try medals again for one more year.
- For next year's Thanksgiving Day, 30K, and Marathon races, we'll give technical long sleeves.

**Meeting adjourned at 7:50 pm**
