

### Fall 2017 ARR Relay

The five fastest runners from the two heats were team captains. The fifth fastest runner selected the sixth fastest runner, the fourth fastest runner selected the seventh fastest and so on.

Below are the teams' times. We didn't get team names, so only the runners will know where they were placed. Surprisingly, given this team selection approach the difference between the first and fifth place teams was only 19 seconds.

<u>Position</u>	<u>Time</u>
1	5:13
2	5:16
3	5:25
4	5:31
5	5:32
